IN HONOR OF COACH THOMAS' WIFE DONNA WHO WE LOST TO HEART DISEASE

During this game we are having a **RED OUT** to raise awareness and funds in the fight against heart disease.

You Can Help!

Our goal is to have the whole community wearing red on this day to bring awareness to the chilling facts of heart disease...

DID YOU KNOW?

- Only 13% of women view heart disease as a health threat, even though it's women's No. 1 killer.
- Cardiovascular disease (CVD) kills over 480,000 women a year, about one per minute.
- Coronary heart disease is the No. 1 single killer of women over age 25.
- 64% of women who died suddenly of coronary heart disease had no previous symptoms.
- One in 2.6 female deaths are from CVD, compared with one in 30 from breast cancer

IF YOU MAKE A...
